

DuraLast Docks™

BUILT FOR LIFE

DuraLast Docks are ...

Durable

25-year limited warranty for fresh- AND saltwater

Low maintenance

Dock structure has no wood to rot, no metal to corrode, no plastic floats to crack or leak, and no fasteners

Built like high-performance boats

Manufactured with the same materials and construction methods

Molded in a single piece

Super-stiff structure includes integrated decking, frame, and flotation; no creaking frames, no plastic floats that crack or leak

Easily deployed and removed

Can be dragged in and out of the water, even across rough surfaces like gravel, rocks, and barnacles

Say goodbye to the hassles of traditional docks!

Low maintenance = more time on the water!

25-YEAR LIMITED WARRANTY

Why Choose Orenco Composites?

Orenco Composites™ is a division of Orenco Systems®, Inc., headquartered in Oregon, USA. We've been manufacturing strong, water-resistant fiberglass products for more than 30 years. Orenco's engineers are nationally recognized experts in the fields of fiberglass product development and manufacturing.
